#### MATCH-MAKING IN NET-WORKING

Dear Sir/ Madam,

It's our great pleasure to invite you to attend the 3-day Online Trade Matchmaking for Information Technology & Outsourcing Services - UK Session from 16 to 18 June 2021 via Zoom. This event is organised by the Department of Commerce (DOC) of Jiangsu Province and co-organised by Jiangsu Provincial Economic and Trade Office in the UK, CENTI Group and Jiangsu High Hope Convention & Exhibition Corp. It is aiming to promote regional cooperation, facilitate the international exchange of resources and technology, and establish a service platform between China and Europe.

The strong bonds between China and Europe have been forged over the decades and proved by the prosperity in trade. While technology is changing our lifestyle, it undoubtedly brings us together in this interconnected world. Faced with climate change and many other global issues, cross-border collaboration and technology transfer will further increase the mutual benefits for the common good.

Different outstanding tech companies from fields such as ICT, IoT, AI, big data, cloud computing, and other tech services in China having been gathered, we sincerely hope you can join us on behalf of your company to open up an inspiring conversation in the global scale regarding the latest tech trend and business potentials. Please find our company profiles from China in the following pages and they are experienced in working with overseas partners and very much looking forward to discuss more opportunities with you.

We would like to share this good chance with you, to help you discover possibilities for emerging technology transfer, and widen the pathway of cooperation between China and your country.

Thank you for your attention and we look forward to 'seeing you at the event.

Yours faithfully, CENTI Group
